

# EB-585W

## DATASHEET

Deliver high-quality classroom presentations with fewer shadows using this 3,300 lumens projector from the world's leading projector manufacturer<sup>1</sup>. The EB-585W projects a large, widescreen image from a very short distance thanks to its ultra-short-throw capabilities.

### Quality image

Epson's 3LCD technology ensures high-quality images with equally high White and Colour Light Output for vivid colours and bright images, even in daylight, and three times brighter colours than leading competitive projectors<sup>2</sup>. WXGA resolution, that matches the resolution and aspect ratio of most laptop displays, and HDMI input mean that students benefit from sharp, clear projected images.

### Reliable

Project for longer with improved reliability and a longer lamp life of up to 6,000 hours.

### More control and collaboration

The multi-PC projection software allows teachers and students to share their content simultaneously. The moderator function allows teachers to remain in complete control since they can choose when to display student content – ideal for interaction in a collaborative teaching or training environment.

### Save time

Simply plug in and turn on – there's no warm-up time, and with a wall-mounting bracket included in the box, it's easy to get started.

### Wireless projector

The wireless capability allows you to share content easily from a range of smart devices using the iProjection App<sup>3</sup>.
